Pranav Baghare

Software Developer (AI/ML) @ Mantra Softech | Building Real-World
Machine Learning Solutions | Computer Vision
Greater Delhi Area

Summary

Computer Science graduate currently pursuing PG-DAI at C-DAC,
exploring Artificial Intelligence and Machine Learning.

I am particularly interested in computer vision and image
segmentation, and enjoy learning by experimenting with datasets,
models, and results. I focus on understanding how models behave,
where they fail, and how data and design choices affect outcomes.

I am at an early stage of my research journey and actively learning
through hands-on projects, reading, and experimentation, while
seeking opportunities to grow in research-oriented environments.

Experience

Mantra Softech

Software Developer | AI/ML Engineer
May 2026 - Present (6 months)
Ahmedabad

- Working on AI/ML-based solutions as part of the development team
- Building and experimenting with machine learning models for real-world applications
- Performing data preprocessing, feature extraction, and model evaluation
- Collaborating with cross-functional teams to integrate ML solutions into products
- Continuously learning and applying modern AI techniques and tools

EDYYO

web developer intern
October 2024 - March 2025 (6 months)
India

- Developed and maintained client websites using HTML5, CSS3, JavaScript, Bootstrap, and PHP.
- Designed mobile-responsive interfaces to improve user experience.

- Supported backend integration with MySQL and PHP.
- Collaborated with team members to deliver timely and effective project solutions.

Education

Centre for Development of Advanced Computing (C-DAC)

Postgraduate Degree, Artificial Intelligence · (August 2025 - February 2026)

Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore

B.tech, Computer Science · (2020 - 2024)

CBSE

High School Diploma

MP Board

12th Grade
